Immigration

While Aslan Attorney provides immigration service in Turkey and the United Kingdom, also assists its clients and their investments with vision and expertness.

Turkey immigration could be a frequently ever-changing space of law. Varied completely different application routes exist for people wanting to relocate to Turkey to live, work, study or be part of family.

Aslan Attorney's professional legal team offers services that comprise the total spectrum of Turkey immigration classes, together with recommendation on Turkey visit visas also as mate, marriage applications, aged dependent relatives, exceptional applications.

People are allowed to live and work with particular projects, start-ups and inventions in the United Kingdom. Aslan Attorney also provides legal service for Residence Permit application for individuals and sponsorship agreements for companies in the United Kingdom.

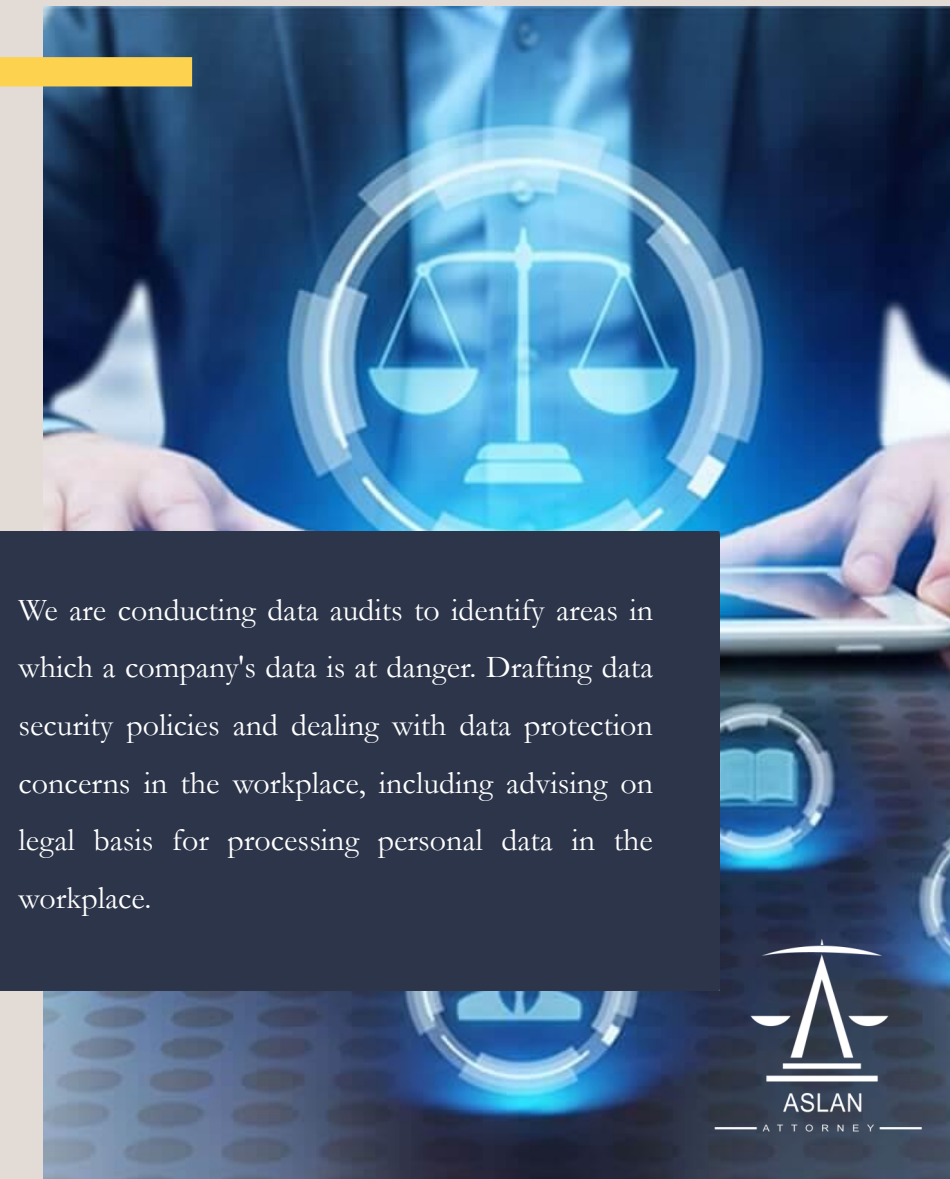

Data Protection

Our corporate team provides consultancy services to many international and local companies operating in Turkey, from their incorporation stage through their entire operational life.

As a result, Aslan Attorney's experienced data attorneys provide guidance on all areas of data security, data protection, and the preservation of sensitive information or trade secrets, not just the General Data Protection Regulation and the Protection of Personal Data Regulation 2016.

Assisting customers with penetration testing and ISO 27001 certification.

- Creating document preservation rules and data requirements in customer, supplier, and intermediary contracts.
- Providing data-related training to client staff.
- Providing advice on data crises, such as data breaches.
- Assisting when the Information Technology Department receives complaints from data subjects or initiates investigations.
- Assisting clients with topic access requests, which includes evaluating any content that will be made public.
- Pursuing legal action to prevent breaches of confidence (including obtaining emergency injunctive relief).

We are conducting data audits to identify areas in which a company's data is at danger. Drafting data security policies and dealing with data protection concerns in the workplace, including advising on legal basis for processing personal data in the workplace.

Aslan Attorneys provides practical advice to Turkish and foreign clients on all elements of provincial employment and labour legislation, focusing on safeguarding our clients' interests while conforming to the law.

Employment & Labour

We assist businesses in defining employment relationships and employee responsibilities at the earliest feasible stage—during the hiring process. We assist both parties in understanding the expectations of the position and the parameters that will guide their working relationship by assisting in the creation of successful employment agreements that are customized to each client's particular needs and governing legislation.

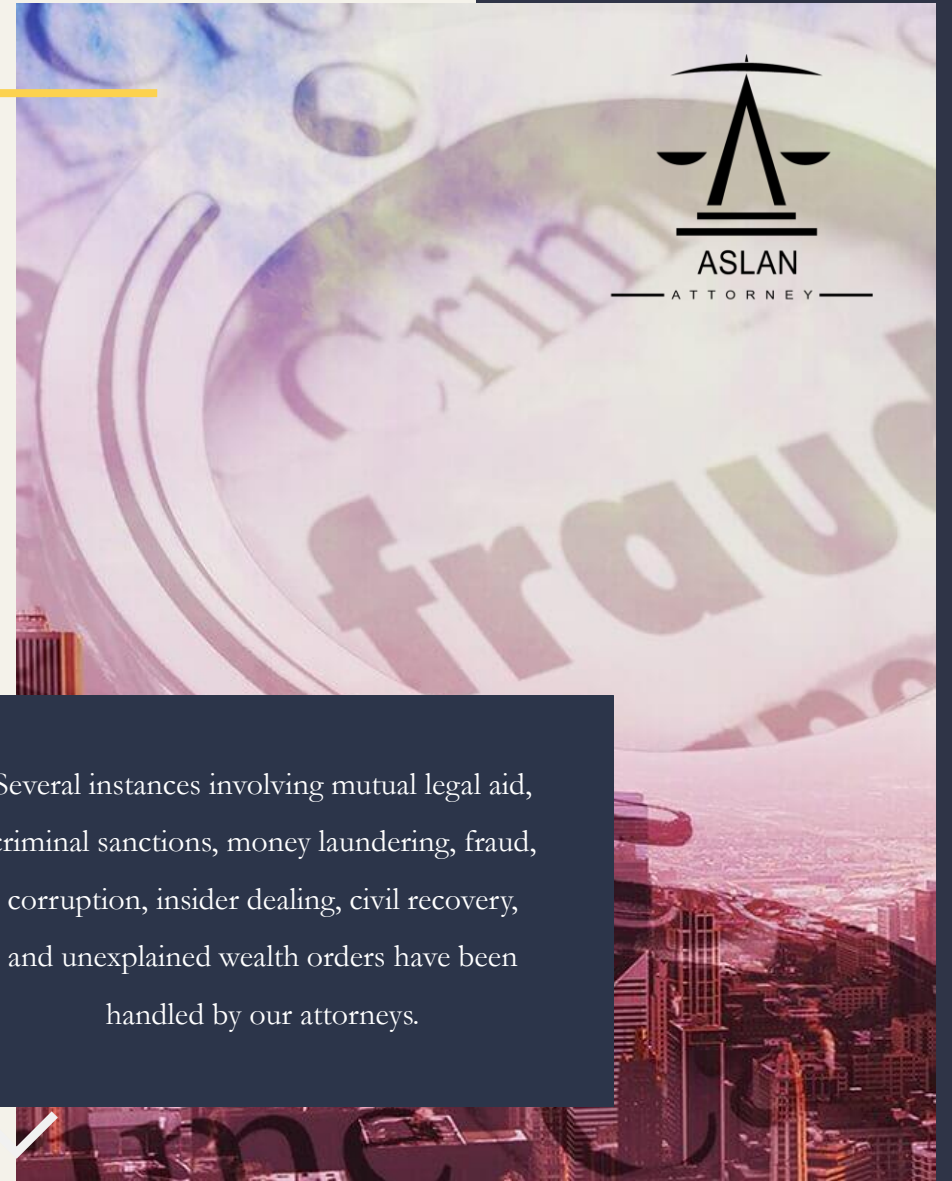

While our primary goal is to assist in the implementation of employment and labour relations policies that reduce possible conflict, we understand that disagreements are sometimes inevitable. When events happen, we offer clients strong, effective representation that argues for their best interests.

White Collar & Investigations

Our White-Collar Crime & Investigations team provides an award-winning service to clients, whether they are corporations seeking guidance on suspected employee fraud or bribery, or individuals who are under investigation.

We promptly analyse the situation and assist you in finding a solution. We are skilled at resolving disputes quickly and efficiently, frequently without the need to go to court. If a trial is inevitable, we believe in zealously protecting our clients' rights and pursuing the best possible outcome.

Whatever problem you're dealing with, our team will take a fresh and innovative approach. Cases are becoming increasingly complex, with several authorities having conflicting interests and civil claims waiting in the wings for follow-up proceedings. We represent clients in Turkey who are being investigated by regulators and law enforcement organisations.

Several instances involving mutual legal aid, criminal sanctions, money laundering, fraud, corruption, insider dealing, civil recovery, and unexplained wealth orders have been handled by our attorneys.

Wealth Management

Our worldwide team of asset and wealth management attorneys advises many of the world's largest global asset and wealth managers on some of the most high-profile domestic and cross-border transactions.

With an uncertain global economic picture providing a variety of difficulties to investors, the asset and wealth management sector is undergoing significant change. Our understanding of emerging regulatory efforts and strategic legal assistance on handling these problems benefits regional, national, and worldwide customers.

We operate across borders to assist clients emerge in a strong position, backed by a worldwide network of attorneys in the world's main markets.

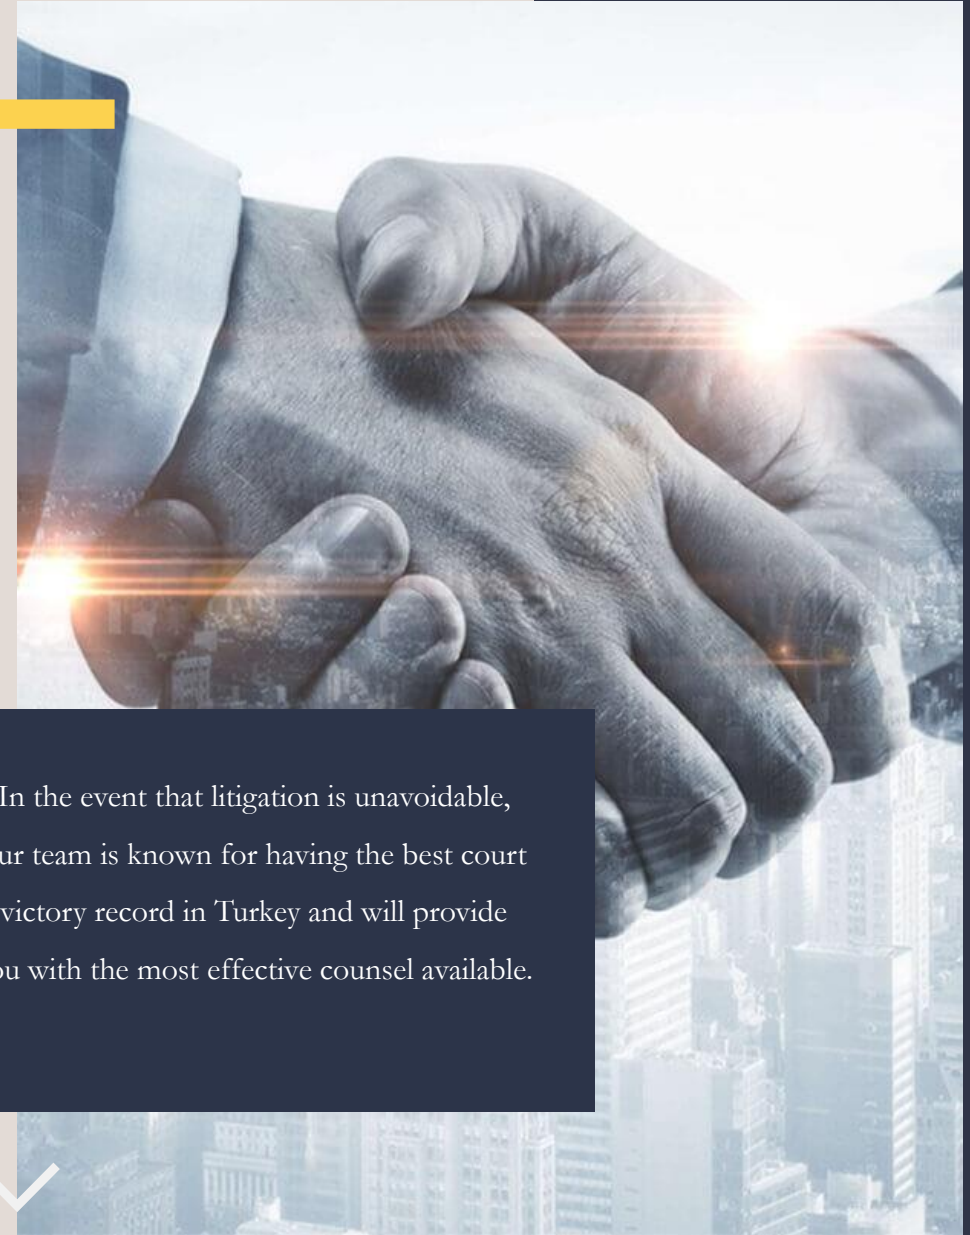

Our attorneys can advise on every area of the asset and wealth management business, from fund formation to mergers and acquisitions, thanks to our extensive legal expertise and industry experience.

Dispute Resolution

There are a number of options available to allow aggrieved parties to seek appropriate remedy in a disagreement, but if litigation is unavoidable, it should be pursued as aggressively as feasible.

The strong disputes team at Aslan Attorney has the knowledge and resources to resolve conflicts as swiftly and painlessly as feasible. We will focus on settling disputed proceedings in the most straightforward and cost-effective manner feasible, preferably without resorting to litigation, whether we are working with corporations or individuals on the prosecution or defence of contentious actions.

In the event that litigation is unavoidable, our team is known for having the best court victory record in Turkey and will provide you with the most effective counsel available.

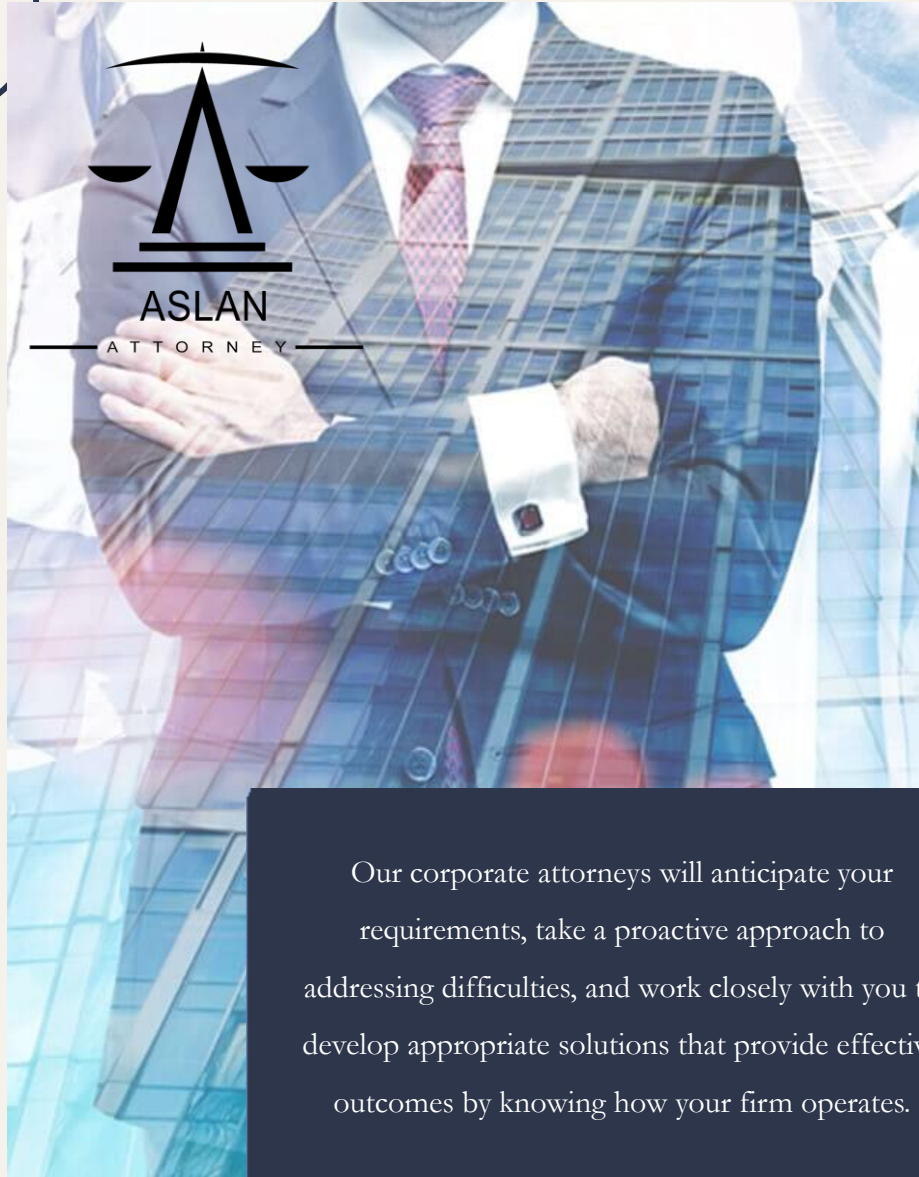

Banking & Finance

We give technically senior advice and constantly strive to deliver the finest service possible for our clients, whether they have a large or little project.

Our clients regularly request assistance on complex issues that need the participation of our financial and regulatory attorneys, and we may rely on other expertise from throughout the firm as needed to offer a comprehensive solution.

Our corporate attorneys will anticipate your requirements, take a proactive approach to addressing difficulties, and work closely with you to develop appropriate solutions that provide effective outcomes by knowing how your firm operates.

Corporate Support

Identifying the client's requirements and recommending the best solution. Legal counsel that is timely, clear, and practical can help you make the best business decisions possible. You may take advantage of decisive help from corporate attorneys in Aslan Attorney who understand your company objectives to catch chances and effectively conclude transactions. A legal firm with a large network of contacts can assist you in making important connections with funders and investors.

Making the Best Deal Possible

Time is always of the essence in business legal problems. It's possible that you'll need to seize an opportunity or react quickly to a growing crisis. Your time is important, and there are numerous demands on it, so you must be able to make quick judgments without feeling rushed or under pressure. As a result, you'll need corporate lawyers that can give correct information and simply and succinctly explain even the most complex company legal issues. You will be able to act promptly and confidently in business with the help of Aslan Attorney's corporate team. This is precisely how we assist our clients.

Corporate Support

Why choose Aslan Attorney as your corporate lawyers?

We are attorneys by profession at Aslan Attorney, but we do much more than simply law. We build trust-based, one-of-a-kind partnerships with each of our clients. We may introduce you to our network of key connections as part of our value-added service to help you and your company grow.

We can also help with:

- Corporate transactions
- Share schemes and incentives
- Shareholders agreements
- Partnerships and LLPs

Capital Markets

Financial markets where debt or equity securities are exchanged are referred to as "capital markets." Lawyers in the capital markets specialise in transactions involving the sale of debt or equity securities to the general public or to a group of investors.

The practise of capital markets is inextricably linked to derivatives and financial laws. Aslan Attorney's Legal Team do due research on the securities issuer, write prospectuses and other disclosure papers that describe the issuer and its securities to potential investors, negotiate agreements between the issuer and its advisers, and guide the transaction past regulatory barriers.

“Aslan Attorney

is an independent full-service law firm providing tailor-made consultancy services to domestic and international clients to ensure their investment.
